

KIRKLAND POLICE DEPARTMENT

123 5th Avenue Kirkland, WA 98033

CASE# 2018-00032101

CASE REPORT

NARRATIVE

2018-32105

Assault

Ofc Lawrence #608

While on patrol on 8-25-2018 at approximately 1230hours I, Ofc Lawrence #608 Kirkland Police Department, was dispatched to a reported assault at Fairfax Hospital 10200 NE 132ND ST in the City of Kirkland, County of King, State of Washington. I arrived and contacted [REDACTED] [REDACTED] who informed me that she was assaulted last night at Fairfax hospital. [REDACTED] identified her attacker as [REDACTED] [REDACTED] who is currently a patient at Fairfax hospital. Aggressive

[REDACTED] informed me that [REDACTED] was on suicide watch so [REDACTED] was watching her and within arms distance as per Hospital policy. [REDACTED] informed me that [REDACTED] pulled a blanket up over her head and refused to pull the blanket back down. When [REDACTED] pulled the blanket down she discovered an extra pair of scrubs (hospital gown) in [REDACTED] bed. She told [REDACTED] to hand them over and she became hostile. [REDACTED] stated that [REDACTED] was swearing excessively at her and refused to hand over the gown. Another staff member arrived and they attempted to take the clothing away from [REDACTED]. [REDACTED] started throwing items around her room and taking an aggressive posture towards staff. During this [REDACTED] attempted to control the legs of [REDACTED] who was thrashing around violently as staff attempted to restrain her. During [REDACTED] kicking and thrashing while [REDACTED] held down her legs, [REDACTED] was knocked into the door jam of the room which caused her to have a concussion. Eventually [REDACTED] was restrained and confined to her bed. [REDACTED] stated she went to Evergreen Hospital and was diagnosed with a concussion. I could not see any physical marks or bruising on [REDACTED]. I forgot to take photos of [REDACTED] while on scene but she stated she will email photos when she gets home. When I receive these they will be uploaded to Kirkland Records.

[REDACTED] provided a recorded statement of the above incident which I uploaded to Kirkland records.

Based on the mental health of [REDACTED] and the situation described I believe that this does not meet the criteria to charge [REDACTED] for Assault. Incident documented and Medical release paperwork form completed by [REDACTED].
